

INTEGRATED MANAGEMENT POLICY

Health, Safety, Environment and Quality

Sun Engineering [Qld] Pty Ltd specializes in the fabrication of structural and mechanical steelwork from medium to high categories particularly construction project work involving the installation and commissioning of all class of pressure vessels.

Sun Engineering [Qld] Pty Ltd Integrated Management Policy incorporates health, safety, environmental and the quality responsibility in everything we do. This focus on our employees, clients, customers, contractors, visitors and communities is evident in the way we produce, fabricate, distribute and construct our product in the community.

Sun Engineering believes the integrated management policy is best practice and the management of business risks is fundamental to the success of the company.

To achieve and maintain this we will:

- Pursue our ultimate goal of zero harm to all people and environment based on the philosophy of "Do No Harm";
- Develop and review measurable objectives and targets that promote continuous improvement aimed at the elimination of work related injury or illness and environmental incidents;
- Comply with and where practical exceed relevant statutory and other requirements applicable to the company;
- Provide our people and contractors with an appropriate induction into the business and the necessary training and supervision to perform their tasks;
- Effectively consult and communicate with our people and contractors to obtain and agreed approach to the control of workplace hazards and prevention of unsafe practices;
- Prevent pollution and minimize any adverse affects our operations may have on the environment;
- Monitor and evaluate our safety, quality and environmental performance through regular audits;
- Periodically review our policies and procedures to ensure they remain relevant and appropriate to the organization. Each employee contributes to this policy and must be fully proverbial with the requirements of the Integrated Management System - Procedures & Specifications relevant to their work;
- Our service targets quality on time. Seek to understand our customers needs, meet their reasonable requirements and aim for total customer satisfaction;

To implement and achieve integrated management policy, all managers are expected to provide leadership on health, safety environmental and quality matters, demonstrate their commitment through their actions.

All employees and contractors are required to conduct their work in a manner that does not compromise our policies and goals for health, safety, environment and the quality.

Sean McMonagle
General Manager
